

COMPLETE NEIGHBORHOODS AND HOUSING

THE 20-MINUTE NEIGHBORHOOD

Imagine everything you need to live a comfortable and enjoyable life is just a quick 20-minute walk or bike ride from your home. A "Complete Community," also known as the 20-Minute Neighborhood, provides convenient, safe and pedestrian oriented access to places people visit on a daily basis -- like schools, workplaces, parks, social activities, and retail businesses such as a favorite cafe or grocery store with fresh, local produce. The complete community can be accessed by foot, bike or wheelchair in under 20-minutes because distances average a 1/4 to 1/2 mile walk under safe conditions.
