

Visit the **Community Health and Public Safety & Healthy Ecosystems Fair** on August 25 8:30am-1:30pm at Lower Millennium Park

The WE LOVE LO Team invites you to join members of the Comprehensive Plan Citizen Advisory Committee, Sustainability Advisory Board, Natural Resources Advisory Board and community partners for information and discussion on: **Public Safety & Facilities, Energy and Climate Change, Natural Hazards, Solid Waste, Urban Forestry, Open Space Local Food Options, Fish & Wildlife Habitat, Water Resources, Natural Areas, Wetlands and Community Wellness.**

COMMUNITY HEALTH & PUBLIC SAFETY VISION STATEMENT

Our community is a safe place to live and supports lifelong active and healthy living. We have excellent public safety response systems that work together with an involved community to ensure peace and safety. There are opportunities for active lifestyles and to obtain locally grown food that promotes the health and social interaction of our residents.

HEALTHY ECOSYSTEMS VISION STATEMENT

We are good stewards of our environment. Our urban forest, natural areas and watersheds are valued and cared for as essential environmental, economic, and cultural assets. We effectively balance today's community needs with the need to preserve clean air, water and land resources for future generations. The built environment is designed to protect, enhance and be integrated with natural systems.

Meet the some of the community partners that help make Lake Oswego the great place it is today and in the future.

Complete a survey online (posted on August 24) about these topics and be eligible to win one of five boxes of fresh veggies grown at Luscher Farm by 47th Ave Farms!

Visit: www.welovelakeoswego.com for details.

WE ♥ LO

Planning for People, Places and Prosperity

Since 1978, Lake Oswego has been guided by a set of goals and policies that outline how the city government should plan for the community. The city's Comprehensive Plan is the basis for all land use planning and growth management actions in Lake Oswego. The Plan addresses everything from citizen involvement and economic development to transportation, natural resources, housing, and infrastructure.

The community is currently in year two of an update to the Plan. The Plan has been discussed at over 100 meetings and events! **Thanks to everyone who has participated so far!** In the first year the community developed a vision for Lake Oswego 2035. Now the Comprehensive Plan Citizen Advisory Committee is drafting revisions to the goals and policies in the Plan based on that vision and your feedback.

Stay involved! Attend meetings and hearings, listen to deliberations, and testify or provide public comments on each action area. Visit the We Love Lake Oswego website for dates and times. Stop by the Community Health and Public Safety and Healthy Ecosystem Fair on August 25 (see other side for details) and complete the corresponding survey (posted on August 24). This a community plan for Lake Oswego by Lake Oswegans. Your voice matters!

CONNECTED COMMUNITY Bike Ride

August 11, 2012

The Transportation Advisory Board has marked a 3.7 mile bike route between Millennium Park and Waluga Park and we're going to ride it in honor of the 100 Mile Challenge that started in August! See <http://www.ci.oswego.or.us/sustainability/100-mile-challenge> for details!

Join fellow riders on August 11, 2012 at Lower Millennium Park. We'll leave promptly at 10:00am. You can either turn around and ride back for a flat 7.4 mile ride or continue on for a 10.5 mile loop with some hills! There will be snacks and water along the way and a Bike Gallery mechanic will support the ride.

Riders are limited so please register via email lweigel@ci.oswego.or.us or phone 503.675.3730 by Thursday, August 9.

Please visit <http://www.ci.oswego.or.us/> for more details.
